

Band Sealing Machine SY-M903A

Vacuum + Sealing

- Applications for Foods, Chemicals and Hardware parts.
- Packing Materials: Vacuumable Material
- Nozzle Type
- The distance between Bag opening with Products: >35mm
- Vacuum & Sealing to smallize the package and keep fresh of food.
- Oil-less Pump: 380W.

Optional:

- Stainless housing (SUS#304)
- SCounter
- SSolid Ink Roll Date Imprinter
- Solid Foil Ribbon Date Imprinter

Specification:

Model	SY-M903A
Powe	1760W
Thickness of bag	0.06-0.5mm (of 2 layers)
Speed of Conveyor	0~10M/min (Adjustable)
Lifting range of Conveyor	130mm
Voltage	AC100V/110V/200V/220V/240V 50/60HZ Single phase
Vacuum Pump	380W oil-less (Made in Taiwan)
Motor	60W
Feeding direction	Left to right , or Right to left
Loading weight of Conveyor	5kg/ per package
Width of Conveyor	200mm
Sealing width	10mm
Temperature range	50°C~230°C
Ideal bag	Nylon, Alum. Kraft paper
Power of Heater	350W * 2pcs
Dimension	1350L 610W 980-1160H (mm)
