

## *Milk Powder Packaging Machine SPPP-500HW*

Flour packaging machine, coffee powder packaging machine, milk powder packaging machine, nutrition powder packaging machine, enriched food packaging machine and etc.

### **Descriptive Abstract:**

This machine completes the whole packaging procedure of measuring, loading materials, bagging, date printing, charging (exhausting) and products transporting automatically as well as counting. can be used in powder and granular material. like milk powder, Albumen powder, solid drink, white sugar, dextrose, coffee powder, nutrition powder, enriched food and so on.

### **Main Features:**

- Use intelligent temperature controlling machines to have accurate temperature control ensure the artistic and neat seal.
- Use PLC Servo System and pneumatic control system and super touch screen to form the drive control center; maximize the whole machine' control precision, reliability and intelligentized level.
- Touch screen can store the technical parameters of various kinds of products, no need to reset while products changing.
- Have error indicating system, helping to handle the trouble immediately.
- Make block bags and hanging bags according to customers' different requires.
- Have stainless steel model and carbon steel model for choose.

**Technical Data:**

Dosing mode	Auger Filler
Bag Sizes	L:50-300mm W 80-240mm
Packaging Speed	25-70 bags/min
Packaging Accuracy	100-500g, $\leq\pm 1\%$ ; >500g, $\leq\pm 0.5\%$
Power Supply	3P AC208-415V 50/60Hz
Total Power	5.9kw
Total Weight	900kg
Air Supply	6kg/m <sup>2</sup> , 0.2m <sup>3</sup> /min
Overall Dimension	1550×1160×2560mm
Hopper Volume	50L
