## *High speed cotton inserter CSM-60*

Fully automatic cotton inserter machine. 60 bottles/min

### **Application:**

Mainly for pharmaceutical, health care and food industries.

### **Features:**

- be able to automatically insert cotton strip into containers.
- Fast inserting speed, up to 60 bottles/min
- Auto alarm when not enough bottles or any blockage.
- imported PLC control, HMI available. easy to operate.
- comply with GMP standards
- Unique reverse inserting technology to guaranty the inserting quality and following actions like capping and sealing.
- Highs can be adjusted to adapt different bottle size.
- can be used as single or in line machine.

**Main data:**

Model Data		CSZ-100	CSM-60
Max speed (bottles/min)		100 bottles/min	60bottles/min
Paper size(LxW)		(80~200)x60mm	N/A
Length of cotton		N/A	30~120
Inner diameter of paper scroll		Ø75x60mm	N/A
Outer diameter of paper scroll		Ø350x60mm	N/A
Diameter of cotton		N/A	Ø12
Container dimension	Diameter	Ø20x80mm	Ø40x80mm
	Height	30~150mm	60~150mm
Noise		<70dB	
Hopper volume		40L	2x40L
Compressed air		0.5Mpa	
Power of supply		220V, 50Hz/60Hz,0.4KW	
Conveyor length		1800mm	1800mm
Dimension		1200x650x1350mm	850x650x1350mm
Weight		Approx.. 180kg	180kg
