

## *Triangle tea bag packing machine MY-SJB*

Be used for automatically packing products as green tea, black tea, flower tea, health tea, medicine tea, granule tea, coffee granule and so on.

### **Feature:**

1. This machine can finish: forming bag--measuring--material filling&mdash;sealing&mdash;cutting--all the work automatically;
2. This unit can perform either three sides sealing and triangle teabag, just need single bond to change the bag between three sides sealing and triangle shape.
3. Applicable packing materials: Nylon film with thread and label.
4. Electronic scale metering can be collocated according to the material.
5. Human-Computer Interface, Omron PLC control
6. Main motor overload protection device
7. Packaging material tension automatic adjustment device
8. The machine will automatically stop when Issued the warning.

**Technical Parameters:**

<b>Model</b>	<b>MY-SJB</b>
Capacity	20-30bags/Min(Determined by packing material)
Filling precision	&le;&plusmn;2%(Determined by packing material)
Bag size	60-80(W)*40-80(L)mm
Packing film	120mm,140mm,160mm
Filling range	2-10ml
film thickness	0.04-0.06mm
Packing material	Nylon, Polyester net non-woven fabrics,. ultrasonic sealing materials
air consumption	0.6m <sup>3</sup> /min 0.8Mpa
total power	2KW
Power	220V 50HZ
air compressor	No less than 1 cube
Dimension	120(L)*90(W)*200(H)cm
Net.Weight	800KG
