

CKYD-12 Double Chamber Tea Bags Packaging Machine

This double chamber tea bags packaging machine can be used for packing tea, coffee, ginseng extract, healthy tea and medicine tea. This double chamber tea bag making machine can automatically complete such functions as bag making, filling, measuring, sealing, thread feeding, labeling, cutting, counting etc, thus reducing labor expenses and improving production efficiency.

Features:

Double chamber tea bag packaging machine is able to automatically finish the process of bag making, measuring, filling, cutting, seal, counting and output products. The hang line and label are finished by handwork.

Technical Data

Model	CKYD-12
Filling range	3-10ml
Bag size	filter paper 87mm
Length of bag	155mm
Capacity	40-80 (bag/min)
Weight	320kg
Dimension	600×790×1780mm
Total power	220V/50HZ/1.5KW
