# *Automatic Desktop Round Bottle Labelling Machine GSL-spider-202*

**Features**

1. Mitsubishi PLC system control, with high stability and very low failure rate
2. Human-machine interface: WECON color touch screen, Chinese and English switch each other, can also customize the language required by the customer, the program is simple to operate, can display the fault, the general staff can easily get started
3. Label detection sensor: German Leuze test, can detect the label very accurately, the accuracy is very high, to provide the accuracy of the label
4. Label feeding system: lead shine stepper motor, high stability, fast labeling speed, high precision
5. Have very good compatibility, can be adjusted freely for different sizes of products, the adjustment range is large
6. The use of aluminum alloy anodic oxidation shows that the treatment, 304 stainless steel, meticulous workmanship, solid materials
7. Use Schneider switch, safety and stability are guaranteed

# Product Description

| | |
|---|---|
| **Model**: | GST-212T |
| **Voltage**: | AC220V, 50Hz |
| **Dimension**: | About1150(L) *1150(W) *800(H)(mm) |
| **Speed**: | 20-50pcs/min |
| **Available Label Material**: | (Backing paper) width 20mm~150mm, length (winding direction) 6mm~250mm |
| **Maximum label incoming size**: | Diameter280mm, Inside diameter of paper roll 76mm |
| **Working Environment**: | 15-85% |
| **Labeling accuracy**: | ±1mm |
| **Gas consumption**: | 5kL/min |
| **Applicable product height**: | 50-200mm |
| **Applicable product diameter**: | 20-100mm |
