

WP-LM series Bottle Labelling Machine

Application

© Applicable labels are sticker labels used by rolling machines, such as sticker labels in food, pharmaceutical, cosmetics and daily chemicals, as well as plastic bottles, glass bottles and buckets in chemical factories.

Feature

- © Fnystainless steel
- © PLC control, man-machine interface, easy to operate and maintain.
- © Adjustable labeling position (up or down), labeling control by step servo motor.

Specifications

Model	WP-LM930
Inner Diameter Of Paper Roll	76mm
Outer Diameter Of Paper Roll	<360mm
Conveying Chain Belt Width	101.6mm
Applicable Bottle Diameter	20~110mm
Bottom Paper Width	20~130mm
Labeling Speed	0~25m/min
Labeling Precision	±1mm
Power Requiremen	600W/220V/50(60)Hz
Machine Size	L*W*H=2100*1000*1300mm
Machine Weight	130KG
