

WP-420FB Automatic Packing Machine

The Automatic Packing Machine is a revolutionary product in the industrial machinery sector as it has the capability to pack large weight products with ease. It is equipped with advanced features, which ensures the product is packed accurately and efficiently.

This packing machine is suitable for mixed filling, packing, and sealing of all powdery products such as milk powder, wheat flour, coffee powder, tea powder, MSG, bean powder, corn flour, seasoning powder, chemical powder, washing powder/detergent powder, and other powders.

Product Performance

The 1 Kg Automatic Packing Machine is highly efficient and guarantees accuracy in filling, packing, and sealing. It is designed to speed up the packaging process while reducing losses. The machine is made of high-quality materials, ensuring durability and longevity.

Products Parameters

Model	WP-420FB
Bag Size	Sealing Type
Packaging Material	Pape/PE.PET/AL fOi/PE. PET/PE
Production Capacity	200-400 bag/min
Weight (KG)	1050
Capacity	40-50 bag/min
Dimension	1120*1557*2581mm(L*W*H)
Range of measure	200-500-1000g/bag
Power	220V 2.2KW
Bag Style	Back Pack
