

SF-200YZD Automatic Zipper Doypack Pouch Red Chilli Powder Spice Packaging Packing Machine

The machine is suitable for packaging powdered materials, such as milk powder, cocoa powder, wheat flour, tapioca powder, ginger powder, coffee powder, curry powder, chili powder, seasoning powder, vegetable powder, protein powder, tea powder, soy powder, lubricating powder, soda powder, baking powder, etc.

Features

1. 8-station design, can automatically complete a series of processes such as bag taking, bag opening, metering, blanking, sealing, etc.
2. High quality and performance, the frame is made of 1.5mm thickness 304# stainless steel.
3. Intelligent PLC control, fast and stable operation of the machine.
4. The touch screen is used to set packaging parameters, supports multiple languages, and the operation is simple and easy to understand.
5. With electric eye detection function, automatic stop operation without bag.
6. The host adopts a new frame design, which occupies a small area and is easy to detect and maintain.
7. Independent temperature PID controller.

Specification

Packing speed	20-60 bags/min (depending on the weight of the material)
Measuring range	10-1500g (depending on the characteristics of the material)
Bag width	120-250mm
Bag length	80-360mm
Film materials	PP, PE, PVC, PS, EVA, PET, PVDC+PVC, OPP+composite CPP, etc.
Power	380V, 50/60Hz, 8.5kw
Gas consumption	0.4m ³ /min
Dimension	5258(L)*3610(W)*3655(H)mm
Machine weight	1300kg
