

LR-05/LR-50 High Shear Mixer

Application of high shear mixer

- Laboratory
- Small-scale production

Product description

- Flexible operation.
- Handling multiple materials: Process different materials by programming different parameters
- Better homogeneous emulsification effect: It can quickly establish a dispersed emulsification system.
- Lower cost: Easier cleaning and maintenance

Product parameters

Model	Capacity(L)	Power(kw)	Speed(rpm)
LR-05	5-10	0.75	8000
LR-50	≤50	1.5	3000
