

SLF- 2-E Single Heads Semi Automatic Piston Beverage Bottle Oil Liquid Pouch Bag Sachet Juice Filling Machine

The hand-operated sealing machine is a simple and easy-to-use sealing device widely used for packaging food and sealing pouch items in daily life. It operates by placing the bag opening into the machine, pressing down by hand to quickly seal it, ensuring the integrity and preservation of the contents. Suitable for small-scale sealing needs, it is an ideal choice for households and small businesses.

Product Description

Advantage

- **Ease of Use:** Simple operation that requires minimal training, making it accessible for users of all skill levels.
- **Portability:** Compact and lightweight design allows for easy transport and use in diverse environments.
- **Cost-Effective:** Affordable pricing and low maintenance costs make it economical for small businesses and individuals.
- **Ease of Maintenance:** Typically requires minimal maintenance, easy to clean and upkeep, reducing operating costs.
- **Flexibility:** Adjustable sealing position and pressure according to requirements, ensuring sealing quality and efficiency.

Technical Parameters

Model	SLF- 2-E
Voltage	220/240V 50-60Hz
Pump Power	0.27kw
Pump Capacity	30-80 pcs/min
Chamber Size	215x130x350mm
Filling Accuracy	>99%
Air Pressure	0.4-0.6Mpa
Certification	CE ISO
