

### KCQ

Type vertical ultrasonic automatic bottle washing machine

#### Product Elucidation:

it is used for the continuous cleaning of vials, ampoules, oral liquid bottle and other specifications pf round bottles. it includes KCQ30、KCQ40、KCQ60、KCQ80 type With steady running, low noise, easy operation, convenient cleaning.

#### Applications:

KCQ30、KCQ40、KCQ60、KCQ80 type vertical ultrasonic automatic bottle washing machine is the new product that our com- pany refered,innovated and produced in accordance with the advance product abroad.The machine has not only beautiful appearance, but also advanced designing. With steady running, low noise, easy operation, convenient cleaning,it is wi- dely used for the continuous cleaning of vials,ampoules,oral liquid bottle and other specifications pf round bottles.

Main Technical Specifications					
Model		KCQ30	KCQ40	KCQ60	KCQ80
BOTTLE SPEC	Antibiotic vial	2ml-100ml	2ml-100ml	2ml-20ml	2ml-20ml
	Oral liquid vial	5ml-50ml	5ml-50ml	5ml-20ml	5ml-20ml
	Ampoule	1ml-20ml	1ml-15ml	1ml-10ml	1ml-10ml
Pure water pressure		0.15-0.35Mpa	0.15-0.35Mpa	0.15-0.35Mpa	0.15-0.35Mpa
Pure water quantity		0.3m3/h	0.4m3/h	0.6m3/h	0.8m3/h
Compressed air		20 m3/h	30 m3/h	45 m3/h	60 m3/h
Production capacity		150-160 bottles/min	200-220bottles/min	300-320bottles/min	400-450 bottles/min
Power		17.05kw			
Single machine noise		≤70db			
Dimension		1800*1800*1300	2100*1900*1300	2100*1900*1300	2500*2250*1300
Equipment weight		1500kg	1900kg	2200kg	2500kg
