

## *P35 Carton Sealer*

The P35 Carton Sealer is a single format carton taping machine that is capable of taping cartons up to 480mm in width and 480mm in height and 700mm length. It can tape both the top and bottom of a carton and has some manual adjustment. It has an option for a hot melt sealing system. The P35 Carton Sealer is designed and manufactured by respected Spanish company Ear-Flap and is available exclusively in Australia from Australis Engineering.
