

## ***MB- 200LP Air Piston Filling Packing Machine***

The machine is suitable for small doses of paste, paste materials automatic packing in the food, medicine, chemical and other industries. Such as tomato sauce, instant noodles sauce and so on.

### **Features:**

1. The bag not only can make into three sides sealing but also can make into four sides sealing, bag shape is beautiful.
2. The machine can finish the bag making, measuring, filling, sealing, counting, and printing batch number and other functions automatically.
3. Adopt the PLC control, the film is driven by stepping motor, no matter fixed length to do bag or the cursor tracking to do bag, bag length can be set and cut in one step, saving time and film.
4. The machine performance is stable, accurate detection, add the corresponding attachments can complete date printing, easy tear to mouth and so on.

### **Technical Data:**

<b>Model</b>	<b>MB-200LP</b>
Packing speed	10-20 bag/min
Bag size	L 30-100mm * W30-80mm (Other specification available upon request)
Bag making mode	center side three side four side sealed Round corner
Range of measuring	10-50g/bag (Other specification available upon request)
The maximum width of inner bag packing film	160mm
Thickness of film	0.04-0.08mm
Main power/voltage	3KW/220V 50-60Hz
Dimension	65×400×745mm
The weight of switchboard	50kg
