

## Conveyors

Made of 304 Stainless Steel, Worldpack conveyors are extremely durable, easy to maintain, highly reliable and extremely efficient. Our conveyors are made with the latest technology and can be customized according to requirements. They are available in stainless steel slat, acetyl and belt variants. Our conveyors are suitable for bottling plant, food processing industries, oil distilleries, breweries, beverages and pharmaceutical industries. They operate at a speed of 20 meters to 45 meters per minute.

### Technical Specifications

SPEED	20 MTR/MINUTE TO 45 MTR/MINUTE
MOC	SS 304
POWER SUPPLY / CONSUMPTION	220VAC/ 50HZ/ SINGLE PHASE/ 0.37KW
OPERATING SYSTEM	START & STOP WITH ADJUSTABLE SPEED USING ALLEN BRADLEY DRIVE
MACHINE DIMENSIONS	(AS PER CUSTOMER REQUIREMENT) (L X B X H)
WEIGHT	50 KGS
APPLICATION	PRODUCT TRANSPORTATION
