

Coffee-Tea Packaging (Intermittent Motion) VFC200QXTB

It can make true quad seal bag, Suitable for non-sticky, bulk or granule medicines, foodstuff and seeds, especially for fragile products, such as potato chips, banana chips, snack foods, cookies, biscuits etc.

Features

1. Plug and play design, PLC control with touch screen, easy to operate and allow adjustments without suspending the production.
2. Best accuracy $\pm 0.5g$ combination weigher weighing filling system.
3. World-class electrical components brands: Schneider/Omron/SMC.
4. Servo film-pulling, assure ideal bag shape
5. Reliable photo electrical sensor to track color mark for precise bag length.
6. Separate intelligent temperature controllers for perfect sealing, make different composite packaging films applicable.
7. SS304 frame, durable, robust, anti-corrosion and easy to clean.
8. Capable to record production parameters for 8 products, easy to change different productions.
9. 10 years serving life under routine maintenance.

Technical Parameters:

Model	VFC200QXTB
Bag width	160mm Max
Gusset width	40mm - 80mm
Width of side seal	5mm
Bag length	300mmMax
Packing Speed	10-60bpm
Dosage Range	Max 1500ml
Max width of Roll film	420mm
Air pressure	0.65mpa
Air consumption	0.5m ³ /min
Power	380V, 3 Phase, 50Hz, 5.5kW
Machine Weight	600kgs
Machine Dimension	1650mmx1200mmx1400mm (L*W*H)
