

Semi-Automatic Heat Seal Shrink Wrap Tunnel Packaging Shrink Wrapping Machine

Sealing and protect the operate meanwhile. Double size fan carrying system ensures the perfect of sealing. Imported AC contractor, the temperature be controlled by automatic. Imported frequency converter, sleepless speed regulating. Super cooling system to ensure the perfect shape of products quickly after shrinking. The control panel be operated with safe and simple. The imputing position can be adjustable precision base on the size of products. The size of tunnel can be customized for your request. Up and down large power fan system to assure the excellent effect of shrinking in one time

Product Applications:

it is suitable for wrapping and packaging of such products as pop-top, mineral water, bottles beer, drinks etc without bottom-tyay (or with bottom-tray). Working with PE shrink tunnel to pack the goods perfectly. The whole producing process adopt the Germany advanced technics. And the main parts are imported from international famous companies, capability stable and using long-time.

Technical Parameters:

Model	TY09
Power	8.5Kw
Conveyor speed	0-10m/min
Voltage	380v/50Hz
Tunnel size	800*400*200mm
Heater type	Quartz heater
Dimension	1210*600*800mm
Heater size	370mm*14
Converyor Loading	5kg
