

DY-60 Vertical Grain Packaging Machine

Apply to food, medicine, chemical industry products in the loose, good fluidity particles automatic packaging materials, such as Coffee, soup, granules, white granulated sugar, salt, monosodium glutamate, seed, skimmed milk powder, chicken powder, washing powder.

Feature:

- Compact structure, solid, reasonable design, Introduction.
- Single-chip optical control system, reliable, stable performance.
- Speed, high precision, low noise.
- Automatic measuring, filling, bag making, date printing to the products at once.

Technical parameters:

Model	DY-60
Packing type	3、4 side seal
Packing width	30-100mm
Packing length	40-140mm
Packing volume	50-100ml
Packing speed	40-60bags/min
Power	1100w
Machine weight	180kg
Machine size	750*630*1650mm
