

Pre-made Bags Powder Packaging Machine GDF-series

This set of equipment is mainly suitable for automatic packaging of prefabricated bag powder products, which consists of fully automatic rotary bag packaging machine, screw powder filling machine and screw hoist.

Features

It is suitable for automatic metering and packaging of powdered materials such as milk powder, coffee powder, seasonings, additives, veterinary drugs and pesticides. The packaging process is as follows: 1. Automatic bag picking → 2. Production date printing → 3. Open bag → 4. Filling material → 5. Bag dust removal → 6. First seal → 7. Secondary sealing or sealing plastic → 8. Falling bags.

Technical Data

Weighing range	10-1000g (requires replacement of screw accessory)
Packing speed	10-50 bags/min
Weight	1060 kg
Voltage / power	Three-phase 380V 50HZ, 3.6kw
Dimensions	L1800×W1400×H2200mm
Packaging material	Composite film, PE, PP, etc.
Bag size	L:100-350mm W:80-220mm
Air consumption	0.6 m ³ /min
