

Automatic Positioning Round Bottle Labeling Machine

This machine is suitable for the round-shaped products, which can be labeled with one label, two labels, the whole circle labeling and positioning labeling. The labeling accuracy is very high and labeling speed can be reached to 1-60 pieces per minute.

It can be used separately and also can be used together with production line. Additionally, it can be printed data on the label. Now it has been widely applied in food/beverage/daily chemical products.

Product Specification:

Precision	±1MM
Speed	20-40pcs/Min
Suitable label length/width	6MM-250MM/10-150MM
Suitable Product Diameter	15-120MM
Voltage	220V 50/60Hz
Power	About 1.3KW
Air Pressure	About 0.9M
