

NJY-600C Automatic Hard Capsule Liquid Filling Machine

Total Output Of 36,000 Filled & Sealed Capsules Per Hour. Designed For Ease-Of-Use & High-Precision. With The Ability To Quickly Clean & Change Capsule Sizes When Needed. Versatile & Reliable

Technical Data

Model	NJYF-600C
Output	36000pcs/h
Suitable for	Solution, suspension, microemulsion or hot melt
Segment bores	12
Capsule sizes	00-4#
Environmental requirement	RT approx. 20°C/68°F; humidity 40%--55%
Connected voltage	Three-phase 380V/220V, 50Hz
Total power	6KW
Compressed air	0.6Mpa
Weight	1200KG
Dimension (W×D×H)	960*1100*1800MM
