

Auger Conveyor for Grain Granule Powder

Auger Conveyor can lift all kinds of powder, particles and with the packaging machine to complete automatic feeding, can be used alone in other circumstances. Suitable for non-viscous powder, granular, such as rice, milk powder, salt, bean powder, etc.

Features:

1. It can be used with packing machine to fill various powder products.
2. Hopper and screw separation design, easy installation and disassembly.
3. Simple structure, small cross section size.
4. Reliable work, low manufacturing cost.
5. Good sealing effect, can play a dustproof role.
6. Low maintenance cost, easy to clean.
7. Low energy consumption, corrosion resistance, wear resistance.
8. Adopt 304 stainless steel sanitary building and food grade plastic.
9. Can be customized according to customer requirements.

Parameters:

Model	LS-2	LS-3	LS-5	LS-7	LS-8	LS-12
Conveying Capacity	2m ³ /h	3m ³ /h	5 m ³ /h	7 m ³ /h	8 m ³ /h	12 m ³ /h
Diameter of pipe	Φ102	Φ114	Φ141	Φ159	Φ168	Φ219
Total Power	0.58KW	0.78W	1.53KW	1.53KW	3.03KW	4.03KW
Total Weight	100kg	130kg	170kg	200kg	220kg	270kg
Hopper volume	100L	200L	200L	200L	200L	200L
