

XH-Y Pressure Rotary Capping Machine

XH-Y pressure rotary capping machine is mainly used for screw flat head plastic cover capping, such as: lubricant oil barrels, mineral water bottles, medicine bottles, daily chemical products, and beverage bottles.

Main parameter:

Filling speed	20-50 bottles/min.
Filling accuracy	±1%
Voltage	220/110V 50/60Hz
Pressure	0.5—0.7MPa
Current	3A
Power	500W
Optional models	25-60ml, 50-125ml, 100-250ml, 200-500ml, 400-1000ml, 900-2500ml, 2200-5000ml
