

Vertical Wet Glue Labeling Machine

Screw bottle unscrambler→spray paste→take label→stick label→ label sticking

Features:

- The machine adopt screw bottle feeding method, operation is stable.
- Photoelectric detection bottle, no bottle, no labeling.
- The machine design simple, it can change label sizes.
- Easy to operate, maintain.

Technical Parameter:

Capacity	80-180 b/min
Bottle diameter range	45-75mm
Label size	H:40-80mm, L:110-220mm
Voltage	380V 、 50HZ
Power	1.5kw
Compressing air	4-6kgs*18L
Machine weight	500kg
