

## *TLB-2400W Horizontal side labeling machine*

### **Features:**

- Separate label feeding system;
- Servo control conveyor belt to ensure labelling position;
- The labeling position can be adjusted freely;
- Transparent label detection sensor as option;
- Labelling with pressing device.

### **Technical Parameters:**

- Voltage: AC220V/50Hz
- Power: 2kw
- Compressed air: 0.6-0.8Mpa
- Output: 30-50pcs/min
- Package range: Round diameter 25mm/Length 130mm
