

Band Sealing Machine SY-M903B

Gas Flushing + Sealing

- Applications for Foods Chemicals and Hardware parts.
- Packing Materials: Heat Sealable Material
- Nozzle Type
- The distance between Bag opening with Products: >35mm
- Gas Flushing & Sealing to protect the products of bag...
- No including Air Bottle.

Optional:

- Stainless housing (SUS#304)
- Counter
- Solid Ink Roll Date Imprinter
- Solid Foil Ribbon Date Imprinter

Specification:

Model	SY-M903B
Power	1760W
Thickness of bag	0.06-0.5mm (thickness of 2 layers)
Speed	0~10M/min. (Adjustable)
Width of Conveyor	200mm
Power	AC100V/110V, 50/60HZ AC200V/220V/240V, Single Phase
Sealing width	10mm (Nylon, Alum.)
Lifting height of Conveyor	130mm
Feeding direction	Left to right, or Right to left
Loading weight of Conveyor	5kg /pc
Temperature range	50°C~230°C
Suitable materials	Nylon, Alum.
Heating	350W * 2pcs
Dimension	1350L* 610W* 980-1160H (mm)
