

FBJ-B Automatic Paper Box/Cake Carton Forming Machine

Performance introduction:

1. Belongs to automatic paper products molding equipment, speed fast, easy to operate, energy saving and environmental protection and so on. This model uses hot air generating device system, suitable for single PE coated paper, Kraft paper.
2. Automatic feeding, heating (with hot air generating device) hot molding (four corners of adhesive lunch box), automatic counting and collection, microcomputer control and other continuous processes, for the production of single-piece disposable paper lunch boxes, paper lunch boxes, cake cups, food package boxes and so on

Technical Specification:

Model	FBJ-B
Production capacity	40-50 times/min
Maximum size	480 x480mm
Max Paper Convey Width	480mm
Suitable Material	200-400g/m ² (PE Coated paper)
Total Power:	5 KW
Total Weight:	0.8T
Overall Dimension:	2000(L)x1130(W)x1920(H)mm
Working Air Source:	Air pressure 0.4-0.5Mpa (Need to buy compressor)
Working volume:	0.3-0.4m ³ /min
