

Fully Automatic Vertical Doypack Chili Powder Packing Machine SF-200

Chili powder packing machine can complete a series of processes such as bag taking, bag opening, blanking, sealing and coding.

It is suitable for packaging ultra-fine powder materials such as milk powder, wheat powder, coffee powder, curry powder, chili powder, tea powder, corn powder, cocoa powder, soda powder, and soybean powder.

Features:

1. The frame adopts stainless steel structure and combined material box, which is convenient for disassembly and washing.
2. Acrylic board transparent safety door, while ensuring safety, the operating conditions of the machine can be observed.
3. Brand-new vertical design, small footprint, convenient movement and easy maintenance.
4. Intelligent PLC control, touch screen operation, stable operation and easy to use.
5. Independent temperature PID controller.

Specification:

Packing speed	20-30 bags/min (depend on the weight of material)
Bag size	L: 150-200mm, W: 100-135mm
Bag type	Stand-up bags, zipper bags and other various premade bag.
Power	220V, 50Hz, 1.0kw
Air consumption	50NL/min
Compressed air	0.6Mpa
Dimension	1020(L)*980(W)*1740(H)mm
230kg	230kg
