

## *DXT-300 Automatic Pyramid Bag Packing Machine*

Modernization of typical flat sachet type packaging has led the manufacturer into designing machines that are more suited to ease of handling packaging. With this in mind we have designed a vertical machine capable of forming and filling a triangular pack. This machine has the capability of filling various types of materials such as washing powders, sugar type applications, coffee, tea powdered drinks, peanuts, oatmeal's and dehydrated foodstuffs etc.

### **Features:**

- The processes of pouch making, measuring, filling, sealing, cutting and counting can be done automatically.
- SS304 all stainless steel cover meets to International GMP Standard.
- Japan Panasonic PLC & touch screen.
- Japan YAMATAKE photo cell control systems.

### **Technical Parameter:**

<b>Model</b>	<b>DXT-300</b>
<b>Bag size (mm)</b>	(L) 80 (W) 70
<b>Capacity (bags/min)</b>	20-60
<b>Filling range (ml)</b>	5-15
<b>Dimension (mm<sup>3</sup>)</b>	1000 x 750 x 1800
<b>Weight (kg)</b>	320
<b>Power</b>	220V,50Hz,1.7kW
