

Automatic Table Top Surface Flat Bottle Labeling Machine SMTBJ-60

Suitable for different size of adhesive label or adhesive film on all kinds of flat bottle, High accuracy and high speed, dispensing & labeling automatically.

Suitable range: flat bottle, flat tank, flat barrel to self-adhesive labeling.
It is used in PET bottle, plastic bottle, glass bottle, Metal bottle and so on flat bottle etc.

Advantage:

- The position of labeler head is adjustable, up and down, forward and back.
- Suitable for kinds of flat surface, such as square box.
- Good labeling quality, no air bubble, no ruga.
- Compact body, need not maintenance

Features:

1. The machine adopts 304 stainless steel and aluminum alloy material, durable.
2. The whole machine adopts imported servo control system, make the machine running on the stable and high speed
3. Advanced affinity touch human-machine interface, easy operation, complete function, has the rich online help function
4. Use of the world's famous brands imported electrical components, ensure that the machine is stable, reliable
5. The belt conveyor, stable, reliable guarantee the delivery of materials
6. Conveying and automatic labeling speed synchronous tracking, make the adjustment is more quick and easy operation

7. Automatic sensor detection, to have any label and without the automatic stop and alarm automatic detection function, prevent leakage and waste
8. Before and after Duan Kexuan connection line, also have optional receiving platform, is advantageous for the finished product collection, sorting and packing
9. Optional configuration (date printer) can print production date and batch number online, reduce the bottle packaging process, improve production efficiency.

Technical parameters:

Labeling precision	±1mm
Efficiency	20-200 piece/minutes
Label roll outer diameter	30-120mm
Label roll inner diameter	76mm
Label width	20-180 mm
Label length	25-200 mm
Power supply	220 V 50 HZ
The motor power	750w
Machine size	1200*500*650mm
Weight	200KG
