

T40Y 4 Lane liquid Packaging Machine

It is suitable for automatic packing of viscous and free flowing products such oil, sauce, honey, tomato ketchup, syrup, lotion etc.

Features:

1. The machine can automatically perform bag-forming, measuring, filling, sealing, cutting and counting. If necessary, it can equip with other devices like the batch number printer according to customer's requirement.
2. The machine adopts advanced PLC microcomputer control system, and installs drive stepper motor to control the bag length, with stable performance, simple adjustment, accurate detection.
3. The machine use intelligent temperature controller, PID regulator, ensuring to keep the temperature error under within below 1 °C.
4. The machine uses 3 sides sealing.

Technical data:

| Model | T40Y |
|-------------------|------------------------------------|
| Filling range | 3-15ml(50-200ml can be customized) |
| Bag size range | L:30-110MM, W:30-80MM |
| Packing capacity | 30-60 bags/min |
| Sealing method | 3 sides sealing |
| Power | 220V, 50HZ, 1.9KW |
| Machine weight | 400KGS |
| Machine dimension | 900mm*700mm*1800mm(L*W*H) |
