

FZ-1000 Intelligent Weighing and Filling Machine

The new system computer board, more durable and stable convenient, advanced technology, more reliable, mature and professional technology. It's suitable for granule, medicinal herbs, seeds, food, sesame seeds, grain crops, rice, salt, spices, beans, chemical components, electronic components etc.

Technical Parameters

Model	FZ-1000
Working voltage	220V or 110V
Working Power	200W
Filling range	10-999g
Precision	±2g
Speed	3-10times/minute
Appearance of the material	Stainless steel
Machine size	680*400*1300mm
Weight	32Kgs
