

GT2P Semi Automatic Paste Liquid Juice Spout Pouch Filling Machine

GT2P semi-automatic pasty filling machine is powerful and allows for rapid filling of pasty and liquid products. This machine does not heat up during operation due to electrical current, making it suitable for filling flammable liquids. It is popular in the food, beverage, cosmetics, and chemical industries.

Parameter

Model:	GT2P -100	GT2P -300	GT2P -500
Filling range:	10-100ML	30-300ML	50-500ML
Filling nozzle:	two nozzles		
Filling speed:	20-60 bags/min		
Filling accuracy:	within 1%		
Air pressure:	0.4-0.6mpa		
Control mode:	electric and pneumatic		
Packaging dimension:	96*70*46cm		
Weight:	62kg		

Model:	GT2P -1000	GT2P -2500	GT2P -5000
Filling range:	100-1000ML	250-2500ML	1000-5000ML
Filling nozzle:	two nozzles		
Filling speed:	20-60 bags/min		
Filling accuracy:	within 1%		
Air pressure:	0.4-0.6mpa		
Control mode:	electric and pneumatic		
Packaging dimension:	100*80*50cm		
Weight:	70kg
