

JS-280C Automatic Small Stick Sachet Instant Ground Coffee Powder Packaging Machine

This machine is suitable for the packaging of ultrafine powder materials in food, daily necessities, chemical and other industries.

Food: coffee powder, milk powder, milk tea powder, cocoa powder, chili powder, curry powder, corn powder, tomato powder, tapioca powder, turmeric powder, soybean powder, flour, etc.

Daily necessities: pigment powder, lubricating powder, cleaning powder, talcum powder, pearl powder, etc.

Feature

1. The machine can automatically complete all the work such as metering, bag making, filling, sealing, printing batch number, cutting, counting, etc.
2. Cursor electric eye detection system ensures the integrity of the packaging bag pattern.
3. Intelligent PLC control system, stable machine operation, convenient and fast operation.
4. A variety of automatic alarm protection functions can effectively reduce material loss and ensure work safety.
5. The metering range and packaging bag length can be adjusted through the touch screen without changing accessories.

Specification

Bag Length	30-170mm
Bag Width	30-130mm
Roll Film Width	Max.280mm
Packing Speed	20-50 bags/min
Packaging Film Materials	OPP/CPP, OPP/PE, PET/PE, paper film, aluminized film, etc.
Measuring Range	2-100g
Power	220V, 50/60Hz, 1.2Kw
Machine Size	900(L)*750(W)*1700(H)mm
Machine Weight	500KG
