

JW-AX2 Competitive Price 2 Heads Belt Linear Weigher Machine for Weighing Vegetable, Salad, Fruit

2 Heads belt linear weigher is suitable for weighing vegetable salad fruit salad or other sticky materials.

Features

1. Man-machine exchange interface, convenient and fast obtaining deposits of different weight range of primary weighting parameters.
2. The communication between controller and AD conversion module adopts CAN bus mode, and the weighing process is carried out independently by AD module board, which is more accurate.
3. The function of the output port adopts the mode design of the free port, which can change the output of the signal according to the need and has the function of signal test, which convenient to eliminate the equipment breakdown.
4. Detailed production record statistics function.

Mechanical Character

1. Belt feeding, can be applied to fluffy and stick materials.
2. The belt speed adopts speed regulating motor to realize automatic speed adjustment in weighing process.
3. The belt feeding outlet is equipped with pneumatic gate to realize precise feeding with small flow and effectively improve the weighing accuracy.
4. The contact part with the material adopts decorative pattern plate to reduce the contact area of the sticky material.

Technical Specification

Model	JW-AX2
Identify Code	AX2-2-2
Weighing Range	50-2000g
Accuracy	X(1)
Max Speed	30P/M
Hopper Volume	4.5L
Parameters Press No.	100
Max Products Mixed	2
Control Panel	7"Touch Screen
Options	Dimple Plate/Timing Hopper/Printer/Reject Device
Power Requirement	220V/500W/50/60HZ/3A
Packing Dimension(mm)	920(L)X800(W)X1090(H)
Gross Weight	150kg
