DXD-50PJ Automatic Tablet Counting and Packing Machine

Applicable Scope:

1. Be Suitable for all kinds of industries like food; medicine; cosmetic; Industrial Products
2. The products that can be packed are like candy, bean, pearl, tablets, medical pill and chewing gum.

Features:

1) Be able to count, form bag, seal, cut and printing date (with date printer) automatically.
2) To has color control system which can get the complete trade mark design.
3) The machine fix stepper motor controller, its advantage is precise, needless to adjust other parts
4) Intelligent temperature control by temperature controller to make heat balance, better use bilingual display screen control system and stainless steel cabinet.
5) Fine packaging performance, low noise, clear sealing texture and strong sealing performance
6) Optional set: ink stamp coding machine. It can print manufacture date, expiry date and lot number, it needs paying.
7) With safe plastic box on rotating blade to avoid hurting operator's hands

8) Material is stainless steel 304 and adopts imported PLC control system and very professional experience. Good stability, good use and durable in using time
9) Professional experience and higher technology

Technical Parameter:

Model	DXD- 50PJ
Name	Automatic Tablet Packing Machine
Bag's size	Width:30-100mm; Length:30-160mm
Film's Max Width	220mm
Bag' Type	3 Sides Sealing or 4 Sides Sealing
Capacity	30-75 Bags /min
Measuring Mode	Tablet Counter
Control Style	Imported PLC control System+ English operation screen
Power	1.2KW
Power Supply	AC220v single-phase 50Hz
Appearance	Stainless Steel 304
Weight	Net Weight :185Kg Gross Weight:220Kg
Dimension	Length:700 × Width:600 × Height:1750mm
Packing Film	Composite or laminated film that can be heat sealed，such as paper/polyethylene; cellophane/ polyethylene; plated aluminum/ polyethylene; BOPP /polyethylene ; nylon / polyethylene
