

P15F Semi Automatic Carton Sealer Former

The P15F Carton Sealer Former is a compact, semi-automatic single format carton sealer, former, that will tape both the top and bottom of your cartons. The P15F is a new model for 2016 manufactured by respected Spanish company Ear-Flap and available in Australia exclusively through Australis Engineering. The carton forming system is semi-automatic system and is the most basic carton forming system offered by Ear-Flap, with the bottom flaps of the box folded into place and all other carton forming done manually.
