

Desktop Labeling Machine LPLM-150

Desktop sticker drink bottle labeling machine has a small footprint, lightweight design, perfectly suitable to use in a small space. Full automatic processing provided by PLC and fast labeling speed to save your precious time, it's the best choice for automatic labeling in a such small factory

Description

- ▶ Small structure takes up less space and easy to move and load.
- ▶ Good labeling precision and stability; Neat, no wrinkle, no bubble.
- ▶ It has powerful function. It can achieve circumferential position labeling and non-position labeling easily.
- ▶ It satisfy the circumferential position labeling and non-position labeling on diameter between 15-120mm bottles.
- ▶ It is easy to use and adjust. The new workers can use or adjust it easily after simple training.
- ▶ Conveyer parts are completely covered to avoid the abnormal conditions which make the use safer.
- ▶ The clever design which allow user to mechanically adjust some structure combination and label winding, makes it easy to adjust the labeling position freely. All these make it easy to change products and wind labels.
- ▶ Has 2 control methods: automatic and semi-automatic. Workers can choose either sensor control or feet step control for labeling according to reality.
- ▶ Whole equipment is mainly made of stainless steel and high level aluminum alloy. The whole structure is strong and harmonious.
- ▶ Has fault stop function, production counting function.

Products Parameters

SPECIFICATIONS FOR AUTOMATIC ROUND BOTTLE LABELING MACHINE		
Model type	Model	LPLM-150
	Accuracy	+ -1mm
Main Technical Parameters	Speed	20 - 200pcs per minute
	Available Bottle OD	20 - 120mm
	Label Width	15 - 200mm
	Label Length	25 - 300mm
	Label Roll ID	76mm
	Max. OD of Label Roll	250mm
	Voltage	AC220/110V 50/60Hz
	Power	1500W
Machine size	Dimension	1270x80x78cm
