

BPM-420 Coffee Powder Packaging Machine With Auger Filler

Application:

This machine is suitable for all kinds of powder material Such as: food additives, milk powder, soy flour, protein powder, the powder, mask powder, pearl powder, coffee powder, cocoa powder, flour, health tea powder, glucose powder, soda powder. It is widely used in the food industry, pharmaceutical industry, agriculture, etc.

Function:

1. Packing range; 1kg、 2kg、 5kg、 10kg;
2. Intelligent: Packing speed and bag length can be set through the screen without part changes;
3. Profession: Independent temperature controller with heat balance enables different packing materials;
4. Characteristic: Automatic stop function, with safe operation and saving the film;
5. Convenient: Low loss, labor saving, easy for operation and maintenance;
6. Efficient: Bag - making, filling, sealing, cutting, heating, date / lot number achieved in one time;

Information

- The Auger Powder Filling Machine uses the spiral cutting, to achieve high-precision automatic quantitative and filling, makes your work easier.
- The powder packaging machine automatically quantifies, automatically fills, automatically adjusts the measurement error and other functions.
- Fast - using spiral feeding, light control technology.
- High precision - using stepper motor and electronic weighing technology.

- A wide range of applications - a certain amount of fluid powder, granular materials can be.
- Can automatically carry out tracking correction - due to material weight and material level changes caused by errors.

Parameter

Model	BPM-420
Packing Speed	5-60 bags/min
Filling Range	≤2500g/ bag
Packing roll width	L:300mm W: 100-200mm
Film size	Max width 420mm
Sealing method	Cutting and sealing by ultrasonic
Power	3KW
Total power	220V/50HZ
Packing material	OPP/CPP OPP/CE PET/PE NILO/PE PE
Net weight	500kg
Overall dimensions	(L)1380*(W)1110 *(H)1530mm
