

Multifunctional Granule Powder Bag Packing Machine GDS100A/80F/80K

Application

This machine is suitable for automatic and fully automatic packaging of small-dose products in small bags, medium bags

Good for various powder products and granular products

Features

1. The whole machine is a ten-station structure, running by (with motion function) programmable controller PLC, large screen touch Centralized control of the screen, simple and convenient operation.
2. Supporting fault automatic tracking alarm system, real-time display of operating status.
3. The empty bag tracking and detection device can realize the bag without opening, blanking and sealing.
4. The action execution adopts a full servo control system, which is reliable, fast and accurate.

Parameter:

Model	GDS100A	GDS80F	GDS80K
Speed	82bags/min	70bags/min	60bags/min
Packing specification	L≤360mm,W 80-210mm	L≤400mm,W 130-250mm	L≤400mm,W 150-300mm
Work station	10 stations	8 stations	8 stations
Package style	Prefabricated bags (flat bags, stand-up bags, zipper bags, handbags, M bags, etc.)		
Air source	6kg/cm ² ,0.4m ³ /min		
Packaging Materials	Single layer PE, PE composite film, paper film and various other composite films		
Weight	around 700Kg	around 700Kg	around 720Kg
Power	380V, 8.5KW		
Machin size	1950×1400×1520mm	1950×1400×1520mm	2100×1500×1520mm
