

## *XYC-L Series Semi-Automatic Bagging and Packing System*

### **Product description:**

### **Application Scope:**

High speed weighing and packaging machine, applicable to powder materials for in food, cosmetic, pharmaceutical, chemical, agriculture chemical industry etc.

### **Technical Parameters:**

Model	Weighing Scope	Speed	Accuracy	Power	Air consumption
<b>XYC-L5W</b>	0.5-5kg	4-6 bags/min	0.2-1%FS	2kw	0.4-0.6MPA
<b>XYC-L25W</b>	5-25kg	3-5 bags/min	0.2%FS	4kw	
<b>XYC-L25B</b>	5-25kg	5-10 bags/min			
<b>XYC-L50W</b>	10-50kg	3-5 bags/min			

### **Product characteristics:**

- ◆ Easy to operate and use
- ◆ Bag-clamp equipment is advanced, material can fill fully
- ◆ Fill material system has material-stop equipment, accuracy high

Control, work parts all use imported parts, stable and reliable, has sewing machine, heat-sealing machine optional
