

Cup Labeling Machine

Manual cup labeler function: The manual cup labeling machine can be used for different cup size, which maybe for food, water, beverage or others.

Machine feature:

- 1) Fixed parts for different cup
- 2) Imported brand sensor and other electronic components, performance is more stable
- 3) Rolling structure which keep the sticker label attaching on the cup closely

Product specification:

Label accuracy	±1mm
Machine capacity	25~30pcs/minute (Depends on the efficiency of labor)
Label size	Length : 15mm~200mm Width : 15mm~110mm
Product size	Length:20-250mm,Width:20-150mm,Thickness:0.2-120mm
Machine dimension (Length*Width*Height)	850mm×410mm×720mm
Machine Voltage	220V/50HZ
Machine Weight	41Kg
