

## *Liquid Automatic Packing Machine LQ-8R (SERVO 6-axis TYPE)*

### **Feature**

- It is applicable for mass-produced sauce products.
- It is available without I-Mark.
- C.I.P can be done with supply unit only.
- Each unit has been installed with the safety cover and the alarming device.
- Each part has been standardized and simplified to reduce time taken for replacements. Better yet, the machine rarely generates replacement parts.
- The position calibration for the secondary sealing and for the cutter is done automatically.
- A flashing light is turned on 2 minutes before the film is finished. When the films are completely consumed, the machine will stop at its designated position.

### **Contents**

Sauce, soy sauce, cream, other relevant liquids

### **Packing material**

AL+PE, OPP+PE, NY+PE, Other relevant packing papers with 3 sides sealed available for thermal sealing
