

Simplified operation Juice Bottle Machine 1.5L MST 90/4

Master Packing manufacturing design and produce the fully automatic bottle blowing machine more than 20 years, now we can produce 1-16 cavity, 10ml-30L PET blow bottle machine with the output 100-19200BPH. All Master blowing bottle machines can connect to the filling line. Master packing supply pet bottle blowing machine mold and preform and cap injection mold. Our quick change blow mold can save a lot of time and effort on change mold.

Features:

- Linear construction transports preform for heating and bottle forming.
- Airbag locking mold.
- Upgrade production capacity.
- Upgrade power efficiency.
- Simplified operation by MMI control panel.
- Modular design facilities maintenance.
- Save investment and enhance competition.
- Air recovery system (air consumption will be saved up to 10-25%).
