

## *XS-K30B Volumetric granule packing machine*

The machine is used to fill and seal more granulates automatic, and sachet sealing shape is four sealing shape, It can be used to package beans seed medicine salt drying agent spice tea etc. The advantage of the machine is measure device adopting unloading door turning and returning new techniques, high speed and little noise.

### **Technical Parameters:**

<b>Model</b>	<b>XS-K30B</b>
Production capacity(bags/min)	18-30
Volume margin(ml)	100-320
Bag size(mm)	(L)100-200(W)80-140
Power Voltage(w)	380V 3-Phase and 4-wire system
Power Consumption(w)	2000 (heating 180×4)
Dimension(mm)	(W) 710 × (L) 825 × (H) 1750
Net Weight(kg)	220
