

YB-280K Automatic Granule Packing Machine

YB-280K automatic granule packing machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. Weibang summarizes the defects of past products, and continuously improves them. The specifications of Yb-280k automatic granule packing machine can be customized according to your needs.

Detailed introduction:

The machine is mainly used for packaging granular products, such as sugar, salt, coffee, monosodium glutamate, seasoning, beans, peanuts, melon seeds, grains, nuts, Cereals, tea, herbal medicine, washing powder, desiccant, etc.

Performance features:

1. The machine can automatically complete the following work: measuring cup - marking (optional) - bag making - filling - filling / venting (optional) - sealing - counting.
2. Computer / PLC control system, photoelectric tracking, high reliability and intelligence.
3. It is equipped with fault display system, which is convenient for operation and maintenance.
4. According to customers' needs, we can customize the punching tool holder: round hole / butterfly hole, and even package device.
5. The shell and contact material part of the whole machine are made of stainless steel (measuring cup material: Nylon / stainless steel).

Technical parameter:

Model	YB-280K
Packing speed	30-60 bags/min
Packing range	10-350ml
Film width	≤ 280mm
Making bag size	L: 50-280mm, W: 15-130mm
Packing accuracy	≤ ±1%(depends on product)
Power	1.6 KW
Power supply	AC220V, 50/60Hz
Seal type	3/4 sides seal, pillow seal
Net weight	300kg
Machine dimension	L600 × W790 × H1950mm
