

## *Cigarette Carton Cellophane Wrapping Machine CKBTB-300*

The BTB-300 cellophane wrapping machine for cigarette carton uses a multi-station turntable packaging method, is widely applicable to various single boxed products such as cigarette cartons, tea box, cosmetic boxes, etc.

### **Why choose BTB-300 cigarette carton wrapping machine?**

- ♥ The automatic cigarette overwrap machine overcome the imprecision of film feeding and high waste of the machine, improve the packing speed.
- ♥ Instant sealing, approximate cold packaging, no effect on the medicines, heat sensitive product.
- ♥ The cigarette carton over wrapping machine can meet different packing ways, to pack different specifications (length, height, width) of boxes or solid products just needs to change few spare parts.
- ♥ Packaging speed up to 80 packs per minute, and high automation at economical cost.

### **Technical Data**

Model	CK-BTB-300S
