

ALS Series High Speed Strip Packing Machine

The machine is suitable for medicine, chemical, food requirement, it can meet to higher capacity production requirement for tablet and capsule strip packing.

The main function: Automatic feeding, sieving, automatic filling material, high speed heat-sealing, vertical and horizontal perforation, batch number printing, product cutting, defective sorting, finished product counting, waste material disposal, product output.

Technical parameters

Model	ALS-420
Cutting Speed	20-80cut/min
Max Packing Width	420
Strip Length	Can adjustment
AL/PL Laminated Foil	0.08*420mm
Power	5.2kw
Overall Dimension	1800*1100*2100(L*W*H)
Weight	1300kg
