

ZPW23 Multi-functional Double-color Tablet Pressing Machine

This model is to press the various kinds of granular materials into tablets, with the most outstanding advantage of being able to produce irregular tablets with wide different geometrical shapes, such as double layer tablets, ring shape tablets and double side engraved tablets.

Features

- 1) Made of stainless steel, the housing is fully closed. The surface of the rotary turret is covered with a hardened layer so that the turret surface is wear resistant. The machine conforms to GMP requirements.
- 2) Adopt transparent windows, tableting state can be observed clearly. The windows can be opened, cleaning and maintenance is easy.
- 3) Automatic central lubrication system, extending the working life of the machine.
- 4) With the function of automatic fault diagnosis, easy to trace and locate the fault position.

Technical parameters

Dies	23
Max. Main pressure	80KN
Max. Dia of Tablet (mm) (Round tablet)	20
Max. Dia of Tablet (mm) (Irregular tablet)	22
Max. filling depth (mm)	22
Max. tablet thickness (mm)	10
Max. Turret speed (r/min)	40
Max. Capacity (pcs/h)	55000
Motor power	4KW
Dimensions	950*930 *1850mm
Weight	1500kg
