

Vacuum Packing Machine ZL-300E

It is suitable for automatic packaging of granular strip, sheet, block, ball shape, powder and other products. Such as snack, chips, popcorn, puffed food, dried fruits, cookies, biscuits, candies, nuts, rice, beans, grains, sugar, salt, pet food, pasta, sunflower seeds, gummy candies, lollipop, Sesame.

Main characteristics & Structure features

1. The whole machine adopts uniaxial or biaxial servo control system, which can choose two kinds of servo single film pulling and double film pulling structure according to the different characteristics of packing material and can choose vacuum adsorption pull film system;
2. Horizontal sealing system can be pneumatic drive system or servo drive system, to meet the diverse needs of different users;
3. Various packing format: pillow bag, side ironing bag, gusset bag, triangle bag, punching bag, continuous bag type;
4. It can be combined with the multi-head weigher, auger scale, volume cup system and other measuring equipment, accurate and measurement;
5. The design of the whole machine conforms to GMP standard and has passed CE certification

Specification

Model:	ZL-300E
Packing material	Laminated film
Bag size	L80-400mm W80-280mm
Packing speed	15-70 bags/min
Machine noise	≤75db
General power	5.2kw
Machine weight	900kg
Air consumption	6kg/m ³ 300L/min
Power supply	220V 50Hz.1ph
Outside dimensions	2125*1250mm*1690mm
